ROSS Service Program

The Resident Opportunity and Self-Sufficiency (ROSS) was created in 1998 to consolidate several small programs that assist residents of public housing and tribal-designed housing entities with a concentration on three (3) groups, seniors, persons with disabilities, and very low-income families.

The ROSS program works in conjunction with the Tunica-Biloxi Housing Department to assist tribal members and to promote:

- Financial literacy
- Employment
- Health and Wellness

The intention is to create a sense of economic independence and housing self-sufficiency, eliminating or reducing the need for Welfare, by increasing opportunity for earned income.

The program may also assist eligible members with applying for Medicare, Medicaid, Social Security/Disability, Secondary Insurance, Meals on Wheels, Commodities, Utilities, Rent and/or Mortgage Assistance, Nursing Home or Assisted Living, and Home Health Services.
